

EMLAK PLATFORM

Our platform is considered a safe haven for those looking for reliable real estate information, as our work includes all aspects of real estate that ensure successful and reliable dealings with companies. We are keen to complete deals successfully and collect commissions in a guaranteed manner, which provides you with confidence and reassurance in every step you take in the world of real estate

Our vision:

To be the first interface for all real estate companies, ensuring and arranging the real estate market under one real estate platform

Our field of work:

Everything related to real estate, including real estate, commercial and resale projects, in addition to agricultural lands and constructable lands. We also offer opportunities for major investments after verifying and verifying the credibility and efficiency of their dealings with real estate agents and foreigners

Our services:

Smart and comprehensive search:

Using our platform is important to have an accurate and intelligent search for all properties. You can obtain all the necessary information about the property, including contact numbers photos and videos

PDF file with your company name:

The ability to extract a PDF file for any property on our platform, where you can add a logo, information, and your company name to the page. In addition, you can choose colors that suit your taste and represent your visual identity. We always strive to provide distinguished services that suit your needs.

Securing any real estate application:

Our platform allows you to make a special request for any land or property within certain options, and we secure your request as quickly as possible while ensuring the appropriate price and saving the commission.

Benefit from the experiences of others :

The comment and project evaluation service provided by our platform is one of the tools that makes it easy for users to benefit from the reviews and comments of others about projects and real estate, and thus avoid making mistakes that may exist.

Exclusive :

Exclusive dealing with a large amount of land and resale options that make it easier for you to negotiate with the client and ensure the closing of the deal without any problems that prevent you from completing it.

API service for your website :

This feature is considered very effective in saving material costs and effort, and it also contributes to enhancing and providing your company's website with all real estate projects, lands, and resale services. In addition, you can enjoy the periodic updates and continuous additions that we provide to you.

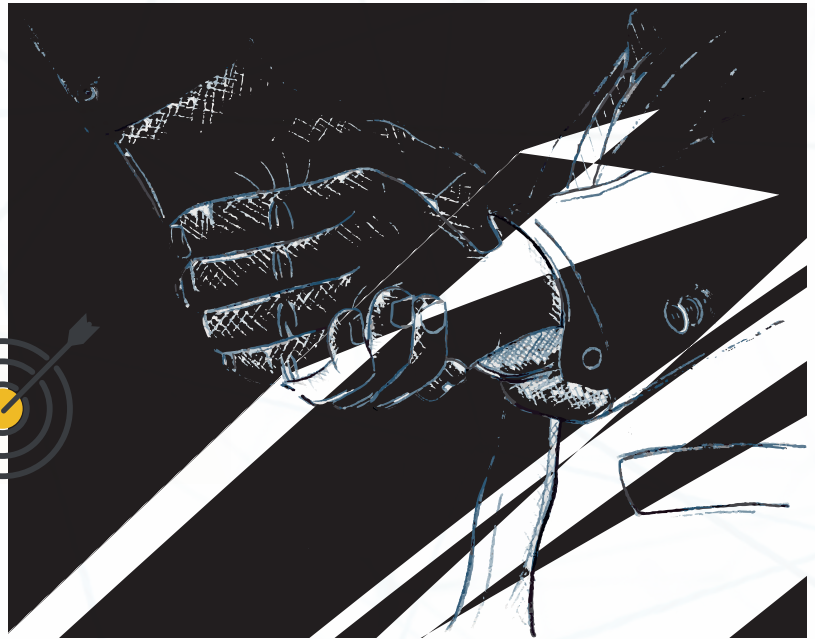

Our message :

Emphasis on ensuring the rights of companies through proper dealings and maintaining complete confidentiality for companies and their clients

Our Values :

- ✓ Integrity
- ✓ Honesty and transparency
- ✓ Focus on customer satisfaction
- ✓ Creating solutions and developing services
- ✓ Diversity and comprehensiveness of services
